

IMPLAMATE™ SCALERS

TITANIUM IMPLANT SCALERS

Stress-free implant
maintenance

Slender tips easily
access those
hard-to-reach areas

Safely remove
calculus and debris

Easy maintenance
without the need for
sharpening

Nordent ImplaMate™ scalers, made from the same material as implant abutments, are designed to safely glide over all implant abutment surfaces.

Solid titanium tips are thin enough to access the tightest areas, while providing the same performance as a traditional scaler.

ImplaMate™ scalers never need sharpening and can be sterilized by any method for easy maintenance.

IMPLAMATE™ TITANIUM SCALERS

PREMIUM CRAFTSMANSHIP FOR DEPENDABLE PERFORMANCE

Eliminate any worries about flexing tips and burnished calculus, with the rigidity of traditional scalers.

Implant maintenance made safe, easy and effective.
