

Certificate of Warranty

Flight Dental Systems warrants the Flight X-Vision Portable X-Ray sold and installed by authorized Flight dealers, to the original owner-operator to be free of defects in materials and workmanship for a period of one (1) years from the date of installation in original owner-operator's premises. To activate this warrant, the owner-operator must fill out and return a product registration and warranty activation card to Flight Dental Systems within 30 days of installation of the equipment.

All repairs and service must be performed by an authorized Flight trained repair technician.

Damage caused by improper use will void warranty.
