# LIGHT 1

Pre-ordering is now available for Renfert's new LIGHT 1

## Why Pre-Order?

**Exclusive Early Access:** Pre-ordering LIGHT 1 gives customers the chance to secure this highly anticipated dental work light as early as possible. However, due to overwhelming demand, pre-orders are limited, and availability is on a first-come, first-served basis. Acting quickly maximizes the chances of receiving LIGHT 1 from the first shipment in early Q2 of 2025.

**Cutting-Edge Technology:** LIGHT 1 is Renfert's latest high-end professional dental work light, designed to deliver unparalleled performance and precision for dental professionals. Pre-ordering allows customers to be among the first to experience this innovative product that has received an overwhelmingly positive experience from market testers.

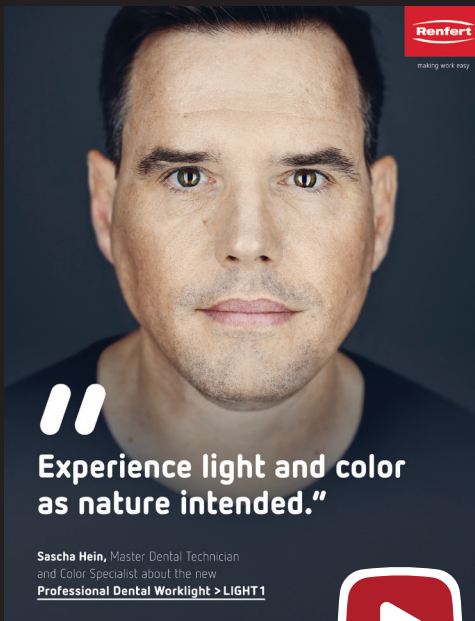

**Pre-Order Perks:** Pre-order customers will be eligible to receive an exclusive Renfert workstation mat, only available only during the pre-order period for the first 50 orders. This adds even greater value to their purchase.

# LIGHT 1

Engineered & manufactured in Germany by Renfert.
