

# DENTAL PACKAGING

## 1" & 2" RIGID C & B BOXES

Attractive tooth boxes available in a wide variety of colors. When used with two fillers per box, these rigid boxes provide maximum protection for valuable contents. Available either plain or custom imprinted. A great way to package your valuable work.

If imprinting your boxes for a more custom look, there is a one-time die charge to cover the cost of preparing metal dies for imprinting. Dies are retained in our files for repeat orders.

## THE JEWELRY BOX

This is an excellent way to show off your valuable crowns – it makes your accounts feel like royalty. The solidly constructed, clear, heavy-duty box makes your crowns look like an expensive piece of jewelry. The unique package helps build perceived value for both your laboratory and for the dentists presenting the crown to their patients. Available in packages of 25 in Clear, Blue, and Purple colors.

#9584820 Clear  
 #9584810 Blue  
 #9584840 Purple

## 1" & 2" FLEXIBLE C&B BOXES

These great little packages are made from flexible polypropylene material that will not break. They are ideal for dental laboratories to send crown and bridge work to their dentists. They have a positive lock-in mechanism, will resist crushing, and look great – especially when customized. You can choose from a variety of box colors and a variety of imprint colors to make a distinctive package for your laboratory. See colors below.

## CUSTOM IMPRINTING

Personalized imprinting can be done on most of our packaging boxes. There is a one-time die charge for the initial set up. There is room for the name and phone number only on a 1" size box. There is room for the name, address and phone number on the 2" size box as well as the ortho and denture boxes. Your logo can also be put on these boxes. For this you must either mail or e-mail in black and white an original of your logo. Printing can be done in almost any color but we recommend gold or black. For more information on custom printing call 800-328-1276.

## PLASTIC MAILER BOX REPLACEMENT PARTS

If your reusable boxes ever wear out, simply order replacement parts.

Medium Replacement Parts  
 #M11M-XB Bottoms only  
 #M11M-XT Tops only  
 #M11M-XI Inserts only  
 Available in all stock colors

## CONVOLUTED FILLERS

These convoluted fillers give maximum protection to your larger cases. The recommended procedure is to use one filler set per box with barrier bag protecting the appliance or the impression within. Eliminates the need for bubblepack or tissue. Two fillers per set, charcoal color only.

Plastic Mailer Box Fillers  
 #9085050 Set/2 Medium size  
 #9084820 Set/2 Large size

## MAILER LABELS

Here is a handy, reversible First Class mailer label for shipping with our plastic mailer boxes. Fits medium and large plastic mailer boxes only.  
 #9085060 Each

## EXCELLENT, INEXPENSIVE, PROTECTIVE SHIPPING CONTAINERS

An excellent way to protect valuable models and dentures. These heavy-duty plastic containers provide clear viewing of the internal contents, are prepackaged with protective foam fillers, have a solid locking mechanism to hold the contents and are inexpensive when compared to other protective shipping containers. The containers are available in three different heights to handle a variety of needs. Packaged 100 to a case.

Small (4" x 3-3/4" x 1-3/4") – #9091180

Medium (4" x 4" x 2-3/8") – #9091170

Large (4" x 4" x 3-1/8") – #9091160

## MODEL STORAGE BOX

Ideal box for storing patient's models long term. Boxes are made from double strength corrugated cardboard to provide maximum protection. They are shipped flat to optimize storage space. Each box holds 4 patient models and comes printed with 4 identification labels. Available in quantities of 25 each or 100 each.

Storage Box measures 7" x 7" x 2".

25/pkg – #9582740

100/pkg – #9582750

## SHIPPING BOXES

An inexpensive cardboard container for shipping most of your dental laboratory's needs. These sturdy 5" x 5" boxes are ideal for a wide variety of appliances. We make 1,000 at a time and then provide small amounts to the dental industry to help you save on costs. We ship them to you flat in groups of 100 boxes per package.

100 Small boxes #9090700

100 Large boxes #9090690

## ARTICULATOR BOXES

A new, reinforced mailer or delivery box for your expensive articulators and fragile casework. These heavy-duty boxes have a removable handle for carrying, a wax coating for some water resistance, and reinforced wall thickness for better protection. Each box also includes a dense foam filler set to help further protect your valuable work. Box is 8" x 8" x 8".

Boxes sold each with foam fillers included #9577810

Replacement foam fillers set #9090570

## PLASTIC ARTICULATOR BOX WITH AIR PACK

A great idea for protecting your expensive articulators and casework. This is a water-resistant PLASTIC box with air cushion padding inside. The box has a removable handle for carrying, is made of water-resistant plastic, and has reinforced cone-type internal walls. It also comes with an air cushion that can be inflated to provide maximum protection for your articulators. Box is 8" x 8" x 8". The ULTIMATE IN PROTECTION.

Boxes are sold with air cushion inside #9577800

### HIGH-GLOSS ORTHO BOX

An attractive container for storing mouthguards, retainers, bleaching trays and splints. Made of flexible plastic, with a hinge design and a secure latching mechanism. These boxes are ideal for patients with removable appliances. Ortho box is 3/4" in depth. Custom imprinting available.

#### Stock Colors:

- #9575105 Red

### OCCUSAL SURFACE PROTECTION

DR makes fluoride trays for the dental industry. These same trays work great as protective packaging for dentures and partials. Order the large lowers and wrap the occlusal surface of your outgoing cases.

50/pkg – #9525130

### DENTURE STORAGE BOX

Made of high-density polypropylene, these boxes make an excellent container for patients with dentures. This box is 1-3/4" deep, strong, protective and lightweight. Custom imprinting available.

#### Stock Colors:

Light Blue, White, Dusty Rose, Dark Blue, Yellow, Hot Pink, French Vanilla and Assorted

Packaged 12, 100 or Master Carton 230

- #9576540 Light Blue
- #9576690 White
- #9576360 Dusty Rose
- #9576320 Dark Blue
- #9576730 Yellow
- #9576600 Hot Pink
- #9576420 French Vanilla
- #9576210 Assorted

### HEAVY-DUTY STRAP BOX

An ideal box for a mouthguard with a helmet strap attached. Made of high density polypropylene with hinged lid. Features a slit in the front to allow mouthguard strap to come out of the box. Helps athletes from losing their mouthguards. Strap box is 1-1/2" in depth and custom imprinting available.

#### Stock Colors:

Black and Gray

Sold in quantities of 12, 100 or Master Carton 350

- #9089330 Black
- #9089340 Gray

### BIOHAZARDOUS/POUCH BAG

*Document Pouch on Back*

Here is a bag that offers the solution for transporting biohazardous material yet limiting the occupational exposure to these potentially infectious materials. Works great for transporting "WET IMPRESSIONS". Convenient 2-ml bag offers a quick-closure top with attached pouch for prescriptions. Pouch allows paperwork to stay with the case without the problems of distortion and wetting. Bag measures 5" x 8". Available in quantities of 100 or 1,000.

MEETS ALL OSHA STANDARDS FOR BIOHAZARDOUS DELIVERY BAGS  
 1,000 - #9557540  
 100 - #9075450

### ALERT/POUCH BAG

*Document Pouch on Back*

An excellent zip-lock delivery bag, measuring 5" x 8", made of heavy-duty 2-ml plastic, comes with a convenient 1.5-ml pouch system to allow the prescription to stay dry and with the casework. Available in quantities of 100 or 1,000.

MEETS ALL OSHA STANDARDS FOR DELIVERY BAGS  
 1,000/pkg - #9557520  
 100/pkg - #9557510

### ALERT STICKERS

Colored green, indicates your laboratory has taken appropriate steps to prevent cross contamination.

500/pkg - #9075410

### IMPULSE BAG SEALER

Model HS 3000

- Low cost, easy to use
- Lightweight, portable table model
- Fast impulse sealing of all types of plastic bags, including laminates
- Seals thin as well as thick materials
- Just plug in and sue, no warm-up needed
- No hot surfaces when sealing
- Dependable time/temperature control
- Sturdy cast aluminum construction
- Band-type seal is liquid and air tight
- Teflon™ covered sealing element

#1440015 - 110V

### OVERGLOVES

A great alternative to the more expensive latex gloves. Can be used with procedures that do not require tactile sensitivity such as opening incoming cases, disinfecting casework and general surface cleaning. 1,000/case. Available in small, medium or large.

- #9045680 - Small
- #9045670 - Medium
- #9045660 - Large

### LAB PANS

A great way to organize your laboratory. As cases arrive, sanitize the impressions or appliances and place them in lab pans to protect them from contamination. Available in a variety of colors so they can be used to organize lab work by incoming and outgoing, or by days of the week. Measures 7" x 5" x 2-1/2". Sold in packs of 12 each. Stock colors are:
